Docket No. 2019-00015

August 27, 2019

PUBLIC UTILITIES COMMISSION
Investigation of Central Maine Power
Company Metering, Billing Issues

PROCEDURAL ORDER
(Scheduling)

On August 21, 2019, the Office of the Public Advocate (OPA) filed a Request for an Extension of time to file its initial testimony in this matter given certain difficulties that its consultant, BerryDunn, encountered in obtaining data from CMP. Specifically, the OPA requests an extension of one week, or from August 30, 2019 to September 6, 2019 to file its testimony. Central Maine Power Company (CMP) does not oppose the OPA's Motion and has proposed, along with the OPA, that the deadline for data requests on the OPA testimony be extended to September 12, 2019.

Good cause appearing, therefore, and there being no objection, the time for the filing of the OPA's testimony will be extended until **September 6, 2019**. Data Requests on such testimony shall be due on **September 12, 2019**, with Data Responses due on **September 19, 2019**. The remainder of the schedule established in the Procedural Order dated August 1, 2019, including the technical conference scheduled for September 24th and 25th, shall remain intact.

Dated at Hallowell, Maine, this 27th day of August, 2019
